# IRISPen™

The IRISPen™ is a full-featured text recognition pen scanner. It works just like a highlighter! Simply slide the digital pen over printed information from newspapers, magazines, books, letters, etc. and the text will instantly appear on your computer screen, right where your cursor is located.

- Portable and USB-powered.
- Text and numbers recognition.
- Full-featured text-to-speech functionality.
- Multilingual solution (30+ languages recognized).
- Complete integration into almost any application (Word, Outlook®, Excel®, etc.). The pen works like a keyboard emulator.
- Free IRISCompressor™ software included. Right-click any image (JPEG, TIFF, BMP, PNG) and compress it into a standard, fully searchable PDF file up to 5 times smaller.
